

## MILK PRICES TO REACH HIGH MARK IF WAR CONTINUES

Milk may be high but the prices now are a mere bagatelle to what they may be before the end of the war. The product of the one-time humble dairy may go as high as 25 to 30 cents a quart if the world-conflict is long protracted.

This is the opinion of many of the delegates to the International Association of Dairy and Milk Inspectors, who today are on their way back to homes in the country and Canada, following the close of their three-day convention in this city.

Dr. R. A. Pearson, assistant secretary of agriculture, told the convention that if milkmen were getting returns just comparative with other producers of the country, they would now be charging between 15 and 20 cents a quart.

**MUTINERS SENT TO FRONT.**  
AMSTERDAM, Oct. 18.—German sailors who took part in the recent mutiny at Wilhelmshaven have been sent to the western front to fight in the trenches, according to information from a German source today.

## Ouch! Pain! Rub Out Rheumatism

Stop suffering! Relief comes the moment you apply "St. Jacob's Oil."

Rheumatism is "pain only." Not one case in fifty requires internal treatment. Stop drugging! Rub the misery right away! Apply soothing, penetrating "St. Jacob's Oil" directly upon the "tender spot" and relief comes instantly. "St. Jacob's Oil" conquers pain. It is harmless rheumatism liniment which never disappoints and can not burn the skin. Limber up! Stop complaining! Get a small trial bottle of "St. Jacob's Oil" at any drug store, and in just a moment you'll be free from rheumatic pains, soreness and stiffness. Don't suffer! Relief awaits you. "St. Jacob's Oil" is just as good for sciatica, neuralgia, lumbago, backache, sprains, and swellings.—Adv.

## Very Effective Method for Banishing Hair

(Modes of Today)  
At very little cost any woman can rid her face of hairy growths if she will use the delicate treatment. This is made by mixing some water with a little powdered delatone. This paste is spread upon the hairy surface for 2 or 3 minutes, then rubbed off and the skin washed, when every trace of hair will have vanished. No harm results from this treatment, but care should be used to buy real delatone.—Adv.

## Germans Lack Food, Faces Of Prisoners Prove

Photo by International.  
**HOLLOW-CHEEKED GERMAN CAPTIVES.**  
These prisoners, as it happens, were captured at Horn. They are sure enough to eat until the end of the war.

## TRIES TO WAKE FATHER, DISCOVERS HIM DEAD

"Wake up, father," said Miss Ruby Curtis, twenty years old, as she went in the room of her father, William H. Curtis, 1231 H street northeast, for fifteen years a policeman at the White House, to awaken him at 6 o'clock this morning.  
But Curtis, apparently sleeping peacefully, had died only a short time before. His body was still warm and Ruby shook him before she realized he was dead.  
Curtis had left his work, as an officer detailed from the local force to

the White House, two months ago when he suffered the first of a series of attacks of heart disease that culminated in his death.

Put on the Executive Mansion detail in 1902, he helped guard three Presidents—Roosevelt, Taft, and Wilson. He was popular with his superiors and attaches at the President's home.

Curtis was born at Old Solt, N. C., where the body will be taken for funeral services and burial. He was fifty-seven years old, came to Washington thirty-five years ago, and went on the police force in 1888. Other survivors are: Garnet, nineteen; Ivy, eighteen; Myrtle, fourteen; Walter, twelve; Russell, ten; Howard, eight; Ethel, six, and Theodore Curtis, eight months.

## SECOND SPY HELD FOR INVESTIGATION BY NAVY OFFICIALS

Evidence that the Kaiser's secret service attempted to honeycomb the United States army and navy with German spies increased today, following a second naval spy arrest.

The name of the newly arrested German agent is withheld by the Navy Department.

The naval spy in question was caught while attempting to worm his way into the Bureau of Naval Intelligence, the most secretly conducted bureau of the Government.

**Ask Death Penalty.**  
While the case of this spy is pending, the Government is moving to bring treason charges against William L. Dunbar, who managed to get an appointment as an ensign in the naval reserve and was in command of a patrol vessel when his suspicious actions brought about his disenrollment from the navy and subsequent arrest.

Department of Justice officials in New York divulged that Dunbar was first arrested in Washington. His record here is being looked up for use in his trial for treason, at which Government prosecutors will ask for the death penalty.

Widespread ramifications of the plot of the German spy system to plant agents in the United States army and navy will be brought to light, officials believe, in the trial of Dunbar and the newly arrested spy suspect whose identity is concealed.

**Knew German Agents.**

Dunbar already has been traced to Pottstown, Pa., where he was teacher of French in a school before entering the navy. He was then a frequent visitor to a nearby munitions plant, and was under surveillance, though he managed to evade his watchers, and next appeared as a provisional ensign in the navy. His disenrollment followed his attempt to get transferred from the patrol service to the aviation arm of the navy. Naval intelligence officers kept him under observation and he was promptly arrested when he attempted to enlist in the army.

The second spy suspect arrested did not actually get into the service, but he was attempting to join the force of the naval intelligence bureau, where the innermost secrets of operations of the United States and allied navies would have been at his disposal.

Investigation of his past, made by naval intelligence officers after his application was made produced evidence of this suspect's intimacy with Fritz Kuhn, former representative of the Deutsche Bank in London, and George von Seebeck, also formerly connected with the German bank both of whom had been ousted from employment in the Guaranty Trust Company of New York, for pro-German activities.

While the navy is moving to run down spies and suspected spies in the naval service, the army also is investigating reports that German spies are at work in the military service, but the army thus far has announced no arrests.

## MANY TAKEN IN N. Y. IN SECOND ALIEN ROUND-UP

NEW YORK, Oct. 18.—Federal agents have started on a second round up of enemy aliens here.

Since 6 o'clock last night seventeen arrests have been made. It is believed the Federal dragnet will include many others coming under the enemy alien class.

Twelve employees of a local railroad, all Germans, were arrested late last night. There were eight firemen, three cooks and a ticket chopper. They were placed on a vessel which steamed toward Ellis Island.

Five expert mechanics employed at a shipbuilding plant also were arrested. One claimed to be an American, but the others admitted German birth. The five will be interned for the duration of the war.

All arrests were made on the order of Attorney General Gregory on information obtained by Government officials.

## CHERRYDALE FIREMEN SACRIFICE FOR COUNTRY

The Cherrydale Fire Department of Cherrydale, Va., is making ready today to buy Liberty bonds with its building fund of \$1,200.

It had been planned that the \$1,200 should start the fire house; but now that can wait until after the war, say Cherrydale citizens.

A meeting will be held in the Cherrydale School tomorrow night when the formal vote on the purchase of \$1,200 worth of bonds will be taken.

## Cold In The Head

Cu-Mor Catarrh Jelly (in tubes) is the source of prevention which is worth a pound of fruitless efforts to afford instant relief from cold in the head.  
For sale by People's Drug Stores, O'Donnell's Drug Stores, and other reliable druggists.

## PUBLIC OWNERSHIP OF UTILITIES, DRIFT OF U. S., IS REPORT

The United States is moving toward complete public ownership and operation of public utilities, especially railroads, telephones, and telegraphs," according to a special investigating committee's report to the National Association of Railway Commissioners today.

Urgent military considerations were given as reasons for taking over the railroads.

"We are not developing our railway systems to the nation's best advantage," said the report. "The solution of our terminal problems wait and not even the necessary rolling stock is being provided. Additional billions capital are necessary. Since regulation cannot permit the increase of rates to this point, the necessary funds must come from investors or the government."

President Ripley, of the Santa Fe, was quoted in the report as saying: "Government ownership is a high probability. The way matters are going the Government must step in and take charge unless mean while some other means of saving the railroads is found."

## STUDENT STRIKERS IN ALEXANDRIA SCHOOL EXPELLED

ALEXANDRIA, Va., Oct. 18.—Sixty-four students of the Alexandria High School, who went on strike Monday, were expelled today by the school board.

A meeting has been called by the expelled students tonight in the Young People's building on Washington street.

Several of the suspended students have applied for admittance to Washington high schools. Washington school authorities have taken no action in the matter.

The wholesale suspension, which includes all the senior class at the high school with the exception of three, is the outcome of a strike and parade Monday, when the students bore a banner down King street bearing the words, "We want a decent school board."

Students said that they were striking for a chemical laboratory and better teachers.

**GENERAL HILL APPOINTED.**

MEXICO CITY, Oct. 18.—Gen. Benjamin Hill today was appointed secretary of war in the Mexican cabinet.

## FOG AND RAIN PREVENT ITALIAN AERO FLIGHT

LANGLEY, FIELD, Va., Oct. 18.—Heavy fog and a light fall of rain prevented the start today of Lieutenant Resnati's proposed flight to New York city with nine passengers. The big Caproni fighting plane, in

which the trip will be made, was put in readiness last night, but this morning it was not uncovered. Lieutenant Resnati said today that if more favorable conditions prevail tomorrow the flight may be attempted then. Attaches of the Italian embassy were on hand this morning to witness the start, but returned to Washington when it was apparent the trip could not be made today.

**Stomach Upset? Stop Indigestion, Gases, Sourness—Pape's Diapepsin**

**Instant Relief! Neutralize stomach acidity and stop dyspepsia, pain, heartburn, belching. Try it!**

Wonder what upset your stomach— which portion of the food did the damage—do you? Well, don't bother. If your stomach is in a revolt; if sick, gassy and upset, and what you just ate has fermented and turned sour; head dizzy and aches; belch gases and acids and eructate undigested food; breath foul, tongue coated—just take a little Pape's Diapepsin to help neutralize acidity and in five minutes you wonder what became of the indigestion and distress.

Millions of men and women today know that it is needless to have dyspepsia. A little Diapepsin occasionally keeps the stomach sweetened and they eat their favorite foods without fear. If your stomach doesn't take care of your liberal limit without rebellion; if your food is a damage instead of a help, remember the quickest, surest, most harmless relief is Pape's Diapepsin, which costs only fifty cents for a large case at drug stores. It's truly wonderful—it stops fermentation and acidity and sets things straight, so gently and easily that it is really astonishing.—Adv.

## "Everywoman"

Wants to be shod in the season's smartest footwear. And she also wants to save money whenever it is possible to do so without sacrificing style, quality, and satisfaction. "Everywoman" should see these
